REPORT OF SADAGAD FOREST VISIT

12th August 2024

Organizing Department: Botany

Collaboration: BSC III Year Students

Number of Participant: 09

Venue and Date: Sadagad Forest, 12/08/2023

Introduction:

Sadagad Forest is present nearby to Saoli tehsil. It is located 7 km from Saoli Town. It has several medicinal plants, timber plants, and wild edible plants. So department decided to visit the forest for collection of wild plants. Botany Faculty went to the forest on 12th August 2023. Prof. D.N. Watakhare noticed lots of medicinal plants and Prof. S.T. Raut, Prof. S.S. Chaudhary collected the plants. It was a knowledgeable visit for students.

Objectives of the Visit:

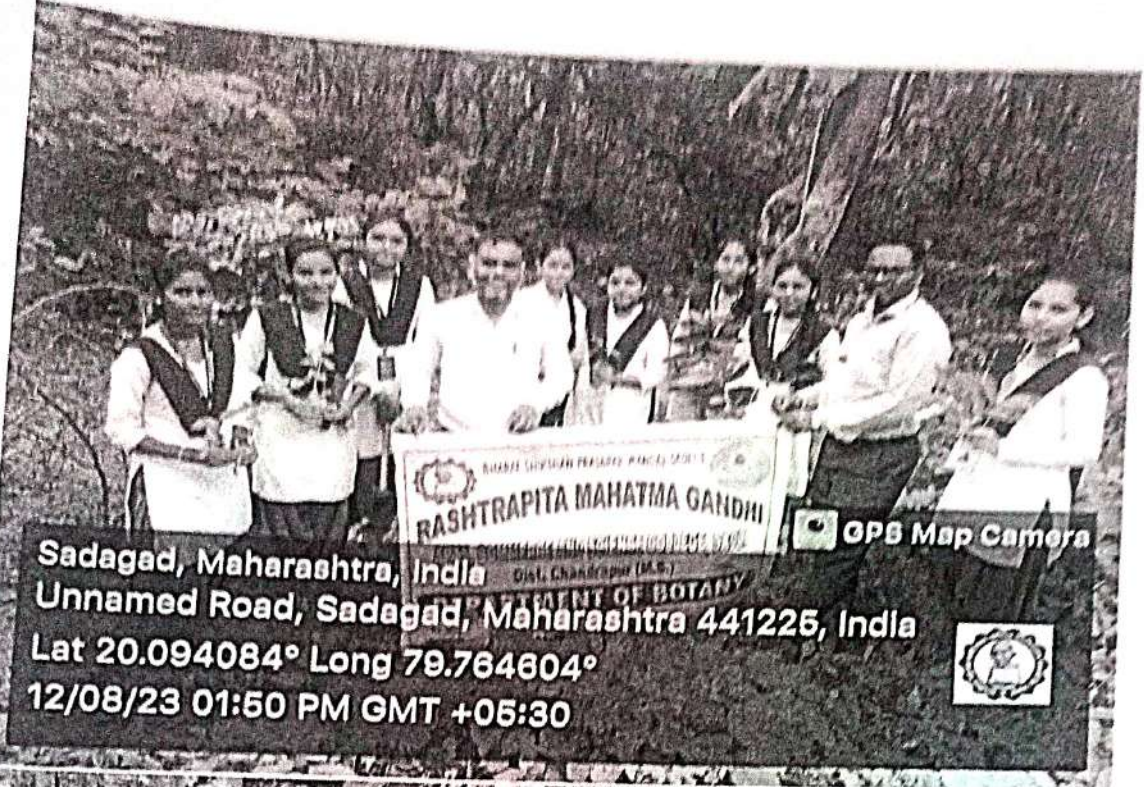

- ❖ To know the local flora of Tahsil
- ❖ To collect the medicinal plants
- ❖ Collection of wild trees for plantation in botanical garden of college

Outcome of the Visit:

- Students get to know the wild plants habitat
- They know their natural vegetation and their interaction with environment
- They clear their mind and enjoyed the fresh air of natural surroundings
