

## Report on National Science Day Celebration 2025

**Event:** National Science Day Celebration

**Date:** 28th February 2025

**Organized By:** Department of Botany

**Activity:** Documentary Presentation on *Ecology and Biodiversity*

**Presenters:** Prof. D. N. Watakhare & Dr. S. S. Choudhari

**Participants:** 26 B.Sc. Botany Students

**Collaboration:** Botany Club

### Introduction:

On the occasion of **National Science Day**, celebrated every year on **28th February** to mark the discovery of the Raman Effect by Sir C.V. Raman, the **Department of Botany** organized a documentary presentation focusing on the theme of "**Ecology and Biodiversity**". The session was led by **Prof. D. N. Watakhare** and **Dr. S. S. Choudhari**, who provided insightful commentary and explanations throughout the presentation.

### Objectives:

- To spread awareness among students about the significance of ecology and biodiversity.
- To promote scientific temper and environmental consciousness.
- To highlight the role of biodiversity in sustaining ecosystems.
- To encourage students to engage in conservation-related discussions and actions.

### Event Highlights:

- The event began with a brief introduction to National Science Day and its importance in the Indian scientific community.
- A **documentary on Ecology and Biodiversity** was screened, showcasing the rich diversity of flora and fauna, ecological balance, and the impact of human activities on natural ecosystems.
- **Prof. D. N. Watakhare** provided live explanations linking ecological principles with local biodiversity examples, making the content more relatable for students.
- **Dr. S. S. Choudhari** elaborated on conservation strategies and the urgent need for sustainable environmental practices.
- An **interactive session** followed, where students asked questions and shared their perspectives on biodiversity issues.

### Outcomes:

- The session enhanced students' understanding of the interdependence between organisms and their environment.
- It emphasized the importance of conserving biodiversity and adopting eco-friendly practices.
- Students expressed keen interest in participating in future environmental awareness activities.

The celebration of **National Science Day 2025** through a documentary presentation was an engaging and educational experience. It not only honored the contributions of Indian scientists but also instilled a sense of responsibility among students towards environmental conservation. The Department of Botany extends its gratitude to **Prof. D. N. Watakhare** and **Dr. S. S. Choudhari** for their valuable contribution in making the event a success.
