REPORT ON E- Waste

According to proposed plan Department of Chemistry organized a E – waste Awareness Program which was held on Wednesday in Saoli Taluka Dist Chandrapur, April 01, 2026.

1. Introduction:

Rapid growth of the electronic industry and high rate of obsolescence of the electronic products lead to the generation of huge quantities of electronic waste (e-waste). The recycling of e-waste in non-formal units by unscientific, unhealthy and non-environmental friendly methods is the key challenge in our society. Like other parts of the world, India is also facing serious challenges due to growing generation of e-waste, lack of awareness of the environmental, social and economic aspects, amongst various stakeholders. The channelization of the e-waste for proper recycling and establishing a system of accountability in e-waste management would only happen if effective awareness could be established amongst all the stake holders. Around 34 students from all department of our college has participated in the event.

Whole event was organized on April 01, 2026 from 09:30 a.m to 2:30 p.m was held on Wednesday in Saoli Taluka Dist Chandrapur,

Principal
Rashtrapita Mahatma Gandhi
Arts, Commerce & Science
College, Saoli Dist. Chandrapur

Date of Visit: 01st April 2026

Class during visit: 2nd Year and 3rd Year

Event Incharge Faculty:

- 1) Dr. Ragini Chintaman Patil, Assistant Professor, Department of Chemistry

Report Submitted to IQAC By Dr. Ragini Chintaman Patil.
